Re: Off-Site Rule Acceptability Determination
 Vexor Technology, Inc.
 OHD 077-772 895

Dear Mr. Oberth:

This letter is in reply to your May 21, 2003 letter to Mr. William Damico regarding the Vexor Technology, Inc. request for off-site rule acceptability.

Pursuant to 40 C.F.R. § 300.440 (a) (4), my staff has determined that no relevant violations or releases currently exist at the Vexor Technology, Inc.. Therefore, the Vexor Technology, Inc. located at 955 West Smith Rd, Medinah, Ohio is acceptable to receive wastes from CERCLA sites.

The acceptability determination is based on the assumption that only wastes for which the Vexor Technology, Inc. can process and remain in compliance with its permit will be shipped to this facility. It is your responsibility to review any proposed waste streams for compliance with the permits for your facility.

If you have questions, please contact Mr. Damico at (312) 353-8207, United States Environmental Protection Agency, Region 5 – DE-9J, 77 W. Jackson Boulevard, Chicago, Illinois 60604.

Sincerely yours,

Joseph M. Boyle, Chief
 Enforcement and Compliance Assurance Branch
 Waste Pesticides and Toxics Division
